

DAVID FILMER PUBLICATIONS

- University Thesis** Factors affecting yield and shape of the lactation curve in dairy cows
- Brookes A J and Filmer D (1959)** Effects of breed and wintering system on beef production. JRASE 121 p.49
- Filmer D (1973)** Factors influencing food intake in practice - the laying hen. Proceedings of Nutrition conference for Feed Manufacturers 1973 p.141.
- Filmer D (1975)** Large scale field experiments - Proceedings of a Symposium on Cattle Experiments. BSAP 8.12.75 p.48.
- Filmer D and Curran M K (1977)** Climatic environment and practical nutrition of the growing pig. Nutrition and the climatic environment 1977 p.75.
- Filmer D (1980)** Packages for Intensive Farm Enterprises. BSAP occasional meeting 'Computers in Animal Production'.
- Filmer D (1981)** The Future of Animal Production. 15th Annual Conference, Reading University Ag.Club "How well do our animals fare?"
- Filmer D (1982)** Assessment of protein degradability of forage. BSAP occasional meeting 'Ruminant nutrition update'.
- Filmer D (1986)** Quality - Influence of nutrition. Poultry Industry Conference 18 Nov. 1986
- Filmer D (1989)** Use of computers in controlling the environment of poultry houses. Proceedings 1st WPSA European Symposium on EDP Applications in Poultry Management. p.3.4.
- Belyavin C and Filmer D (1990)** Computer assisted control of growth in poultry houses. Proceedings of VIII European WPSA poultry conference. Barcellona, Spain 25-28 June 1990
- Filmer D (1991)** Recent advances in practical feed formulation in the United Kingdom. Proceedings Recent Advances in Animal Nutrition in Australia 1991, p.243
- Filmer D (1991)** Computer assisted control of growth in intensive poultry houses. Proceedings Recent Advances in Animal Nutrition in Australia 1991. Armidale p.298.
- Filmer D (1993)** Applying nutrient allowances in practice in a new approach to growing poultry. Proceedings of the VIII International Poultry Breeders Conference. Glasgow, April.
- Filmer, D (2001)** Nutritional management of meat poultry. Pages 133-146 in Integrated Management Systems for Livestock. Occasional Publication No. 28. British Society of Animal Science, Edinburgh.
- Stacey KF, Parsons DJ, Frost AR, Fisher C, Filmer D, Fothergill A. (2002)** The development of an automatic growth and nutrition control system for broiler production , AgEng 2002
- Frost, AF, Parsons, DJ, Stacey, KF, Robertson, AP, Welch, SK, Filmer, D, Fothergill, A. (2003)** "Progress towards the development of an integrated management system for broiler chicken production" , Computers And Electronics In Agriculture, vol. 39, page 227-240
- Stacey KF, Parsons DJ, Frost AR, Fisher C, Filmer D, Fothergill A (2004)** "An Automatic Growth and Nutrition Control System for Broiler Production", Biosystems Engineering, vol. 89, page 363-371
